## Foreword

**I**N ACCORDANCE with the law, the Department of Public Instruction, in cooperation with the State Dental Council and Examining Board, has made an effort to register all legal practitioners of dentistry and dental hygiene within the State for the year beginning April 1, 1942 and ending March 31, 1943. The following list of dentists and dental hygienists includes all those who registered for the above-mentioned period up to and including February 28, 1943.

It is hoped that each registrant will aid the Department in perfecting the list and also in spreading abroad the information relative to legalized practitioners. This knowledge by the citizens of the Commonwealth will tend to prevent serious consequences resulting from the activities of illegal practitioners. Public announcement in each community of the names of its legal practitioners should be considered as a safeguard to the public.

A handwritten signature in dark ink, reading "Francis B. Hoar". The signature is written in a cursive style with a large, stylized initial 'F' and a long, sweeping tail on the 'h'.

The Department of Public Instruction shall be required to publish annually a list of the persons registered for that particular year.

It is unlawful for any person to practice dentistry or as a dental hygienist under a name other than that on his or her license and annual registration, or to practice under the name on his or her license and annual registration with any addition thereto, except a purely technical appellation such as “Dentist,” “D.
